Emergency First Aid at Work

Costs:

- 6 hours - £80 pp

Subjects Covered:

- What is first aid & what are its aims.
- The role of the first aider
- Casualty Management, DRSABCD overview, Chain of survival
- Primary survey, action plan for responsive breathing casualty
- Secondary survey, action plan for non-responsive breathing casualty, recovery position
- Seizure & Febrile Convulsion
- CPR and Defibrillator
- Choking
- Wounds and external bleeding, including embedded objects and nose bleeds
- Medical Shock
- Cuts, grazes and bruising
- Minor burns and scalds

Employers please note, if you have staff members with asthma, allergies, diabetes or a heart condition - and these are detailed in your risk assessment - the HSE recommend that you consider completing the **three day first aid at work** course. This is because these conditions are no longer covered in the first aid for appointed persons or emergency first aid at work course.
